including scatter cushions.

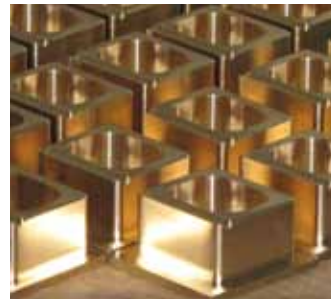

Materials

TEAK

Teak wood comes from the Tectona Grandis, a tree which grows in the geographical area of Indochina. Indonesia meets the best climatic and soil conditions to grow the highest grade of quality wood. Teak is a dense, close-grained hardwood with uniquely high natural oil content which makes it exceptionally hard wearing. We only use plantation grown, premium teak sourced in Java.

BRASS

For some components of our furniture we use brass. Brass is an alloy of copper and zinc, containing more than 50% of copper. Our brass feet are directly carved in CNC technology from full brass ingots. Only by this method we can assure absolute precision in the shapes. Teak plugs and gliders add to the finished product elegance, by raising it slightly from the floor, and donating softness to the shape.

GALVANIZATION

Harmony in the perfect union of forms, colours and exclusive materials. Brass feet and medallions are galvanized in gold or in palladium. We offer both, polished and brushed finish. All of the brass components are lacquered with a transparent gloss to add strength against all climatic factors, and to make the components hardwearing.

FABRICS

We only use durable outdoor fabrics and offer 3 types with a choice of 15 colours and patterns. Solution-dyed acrylic Sunbrella®. The color pigments are thoroughly mixed with the fiber during the initial production stage even before the yarn is produced. Sunbrella® fabrics withstand sunlight and harsh weather conditions. Polypropylene Outdoor fabric by Loro Piana Interiors, Dehor for outdoor verandas and terraces highly weatherproofed and water resistant. Fabric Trevira by Loro Piana Interiors are permanently flame retardant, and offer long-term security.

MAINTENANCE:

Fabrics: One of the best ways to keep Your fabrics looking good and to delay deep or vigorous cleanings is to properly maintain the fabrics. This can be accomplished by simply brushing off dirt before it becomes embedded in the fabrics. Simply brush away loose dirt, rinse and clean with a mild, luke-warm soapy solution. Rinse thoroughly and allow to air dry.

Cascet and Fabric swatches

Our cascets and fabric swatch holders, enable You to choose amongst multiple possibilities the right colour and detail of Your Heritage set. On demand we source different fabrics of Your or Your architects choice and customize Your cushions. The medallions can be produced with Your logo. We offer 4 colours of motherpearl, galvanisation in gold and palladium, in various surface finishes. In a number of qualified and authorised shops You will be able to finalise Your choice.
